The Pact

Preambol

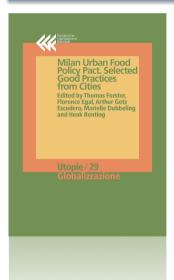

Commitments

Among which: We will use the Framework for Action as a starting point city to address the development of their own urban food system

Framework of Actions 37 inputs

**Good Practices** 

# "[In the fight against hunger] we need all partners: fashion experts, diplomats, business leaders, rock stars and global world leaders, and cities'

fashion experts, diplomats, business leaders, rock stars and global world leaders, and cities' mayors, governors and most of all we need local communities. Presidents, prime ministers and ministers they make good policies of the government but it is mainly community leaders, mayors and governors who work and implement. They are the real ones who are working on the ground and I highly applaud at their strong commitment".

#### After the signing

The City of Milan designed a proposal based on two main ideas:

- 1. MUFPP Award to the best food policy project implemented by MUFPP signatory cities
- 2. Involve *cities'* networks to carry on the day by day job with cities
